[ENGR - 331 - 21-1552](#). Thermodynamics & Energy Systems I. Update prerequisites in anticipation of the new Engineering programs and the restructuring of the existing ERE program so that none of them require ENGR 211.

Current prerequisites: CHEM 110, MATH 210, and ENGR 211.

Proposed prerequisites: CHEM 110, MATH 210, and ENGR 211 or (ENGR 210 and PHYX 109).

[ENGR - 333 - 21-1559](#). Update prerequisites in anticipation of the new Engineering programs and the restructuring of the existing ERE program so that none of them require ENGR 211.

Current prerequisites: ENGR 211, ENGR 325, MATH 210.

Proposed prerequisites: ENGR 325, MATH 210, and ENGR 211 or (ENGR 210 and PHYX 109).

[Liberal Studies, Child Development/Elementary Education ITEP Concentration, B.A. - Change Concentration/Emphasis Requirements - 22-1566](#). The Child Development department would like to change the name of the Child Development/Elementary Education ITEP concentration under the Liberal Studies, B.A. to **Child Development Special Education, ITEP**. The proposed change of the concentration name will clarify for prospective students as well as graduates that it is a child development concentration with a special education credential. The new title will facilitate recruitment, application for grants and scholarships, and make our graduates more competitive in the job market.
