[LSEE - 412 - 22-1812 - Course Suspension - Senior Capstone](#). The course has been removed from the LSEE major and is no longer offered. [NRSNG - 471 - 22-1791 - Course Change - Community/Public Health Nursing Lab](#). Change the course classification from a C-78 designation (workload assigned) to a C-17 designation (workload 2.0). The course is a nursing clinical practical lab experience, which aligns with the C-17 designation rather than a C-78. The NRSNG 471 instructors currently gets 2.0 WTUs per the MOU so there will be no impact on the program's WTUs.

[CS - 325 - 22-1694](#) - Currently, the course GSP 270 is accepted as one of CS 325's prerequisites. GSP is adding a new social science focused course, GSP 272, which is similar to the science focused course, GSP 270. This change will allow GSP students taking the GSP 272 to be able to use that as part of CS 325's prerequisites.

[HED - 344 - 22-1685](#) "Weight Control" - Delete the course. HED 344 is used by the Food Systems Minor - we received a proposal to update the minor curriculum to reflect this deletion of the course (and its replacement by HED 343).

[HED - 343 - 21-1664](#) "Food, Health, and Society" new 3-unit C-02 course. It replaces HED 344 "Weight Control".

Course description: *"Examine the sociocultural, biological, and economic impacts on attitudes, beliefs, and practices surrounding food and nutrition, how they shape food choices and eating behaviors, and their impact on weight and health. [Kinesiology, Pre-Health Professions Concentration, B.S. - Change Concentration/Emphasis Requirements - 21-1687](#). Proposes the removal of the suspended HED 344 "Weight Control" and replacing it with the newly proposed HED 343 "Food, Healthy, and Society" in the list of concentration electives.
