(AS-27-91/92-EX)

- WHEREAS, Edward Del Biaggio, aka "Just Plain Ed," "Last Card Ed" and "Fast Eddie," has served Humboldt State University well these past 18 years in his capacity as Vice President for Administrative Affairs; and
- WHEREAS, Academic Senator Del Biaggio has endured many long-winded and tiresome debates about the performance of some of the operations that fall under his jurisdiction with peerless grace, dignity and wit; and
- WHEREAS, Ed, in his attempts to recruit and employ a competent staff of his liking, has held search committees hostage until they "got the correct person;" and
- WHEREAS, Ed, in seeking a suitable edifice in which to conduct the affairs of his organization, has managed to build a "fortress" with more corner offices than any other building on campus; and
- WHEREAS, Ed has introduced Humboldt State University to a number of beloved and treasured practices which will forever remind us of him, notably the "Charge Back" and the Departure Form"; and
- WHEREAS, Ed has each year presented the campus community with superb information about the budgets we can expect; and
- WHEREAS, This year Ed will be 300 miles away when we learn the real truth; and
- WHEREAS, Ed has decided to seek respite from the fog and isolation of life behind the Redwood Curtain through employment with the "Hornet Foundation" in the sunnier and more urbane town of Sacramento; therefore, be it
