Proposed Funding: CAHSS Dean's Office will provide funding support to Anthropology as needed.

Space Allocation Details

Change Existing Space

Building Location Behavioral & Social Sciences

Room Number(s) 148 and 154

Current Use, Square Footage, & Capacity

This space is currently being used by the CAHSS Dean's office, which is moving to Gist Hall when ACAC is relocated to the Library. The CAHSS Dean and staff use the space because the current space in Gist Hall cannot accommodate all of the

staff and student employees. There are 4 workstations in BSS 154 and one in BSS 148 at this point.

Proposed Use, Square Footage, & Capacity

No physical changes will be made to the space. It will continue to be used as office and conference room space.

Request Importance - Needs Analysis:

Anthropology encompasses BA and MA programs and operates multiple labs, field programs, a simulated archaeological site, and a contract archaeology firm (CRF). The CRF is a large operation with a scope in and beyond Humboldt County - it houses multiple employees, student interns, and volunteers, brings significant funds to HSU, and is an integral part of the applied aspects of Anthropology's programs. The requested spaces were previously part of Anthropology - the loss of these spaces significantly compressed the other Anthropology spaces and affected CRF and departmental operations and student training/experience. We seek to return these spaces to their previous uses.

Recent History: Workload Increase

Recent History Details:

These spaces were transferred from Anthropology to the CAHSS Dean's Offices for AY 2019-2020. We seek to return these spaces to their uses prior to this change.

Department Outcomes and Objectives Related to this Request:

Anthropology encompasses BA and MA programs focused on hands-on learning and career preparation. The requested spaces are integral to the programs and outcomes, particularly: (1) BA Outcome: Practical skills needed to assume the roles and responsibilities of a productive member of an increasingly global society... through classroom assignments, fieldwork, and professional service opportunities. (2) MA Outcome: A wide range of graduate level practical and professional skills enabling one to function efficiently in academic and nonacademic settings...
