

(#20-04/05-EP)

**Resolution on a General Distance Learning Policy**

#20-04/05-EP - April 26, 2005

**RESOLVED:** That the Academic Senate of Humboldt State University recommends that the University accept and implement the attached policy, “General University Policy on Distance learning,” Dated 14 April 2005, to become effective Fall Semester 2005.

***RATIONALE:** Over the past decade a number of key policy issues have been identified as barriers to the sustained development and delivery of distance education courses at HSU. The Distance Learning Subcommittee of the UCC analyzed these issues and was able to collect appropriate data from six CSU campuses where Distance Learning was a sustained and successful element of the academic programs. The proposed policy represents a set of recommendations based on analysis of those data.*

APPROVED – August 30, 2005
