Double Major

Students may earn a bachelor's degree with two majors by completing the requirements for both programs. Although both majors appear on the permanent record, the student receives one degree.

Students may request a second major only if they meet the following criteria:

f They file a major contract with each major program by the time they have completed 90 units.

f The major contracts demonstrate that they can graduate with both majors completed in fewer than 140 total units.

Students who choose to complete a second major and cannot complete the required courses in less than 140 units may submit a request for an exception to the department chair and dean.

~~For information on pursuing two degrees, please see "Second Bachelor's Degree".~~
