(Resolution #26-05/06-EP)

Resolution on Revised Graduate Program Review Policy
#26-05/06-EP – April 25, 2006

RESOLVED: That the Academic Senate of Humboldt State University recommends that the University accept and implement the attached policy for graduate program review, to supersede the currently existing policy.

> ***RATIONALE:*** *In Fall 2005, the Senate passed a revised program review procedure applicable to undergraduate programs, "Policy and Procedures for Department Self-Study and Resource Review". The attached "Guidelines for Review of Existing Graduate Programs" brings graduate programs into alignment with substantially similar procedures, such that the new procedures are uniform across all academic programs.*
