University Senate**

Resolution on Posthumous Degrees and Certificates of Achievement

03-17/18 APC — October 3, 2017- First Reading

RESOLVED: That the University Senate recommends to the President the adoption the attached revised Humboldt State University Posthumous Degree and Certificates of Achievement Policy.

RATIONALE:

The changes to the policy provide for the discretion in decisions regarding Posthumous Degrees and Certificates of Achievement, as well as considering other factors (e.g. leadership and service). The changes to policy retain the three-semester of good academic standing requirement, while allowing for discretion around criteria in final decision making.
