ENGR 351: Water Quality and Environmental Health COURSE CHANGE FORM

Change course title to Introduction to Water Quality, revise course description (to remove mention of Environmental Health). As part of a previous restructuring of the ERE, the program combined the content of 2 courses on water quality and wastewater treatment into one course (ENGR 351). 16-025

ENGR 410: Environmental Impact Assessment COURSE CHANGE FORM

Change course title to Environmental Health and Impact Assessment, revise course description (to add topics related to Environmental Health). As part of a previous restructuring of the ERE, the program combined the content of 2 courses on water quality and wastewater treatment
