Resolution to Establish a Task Force to Investigate a Co-Curricular Transcript

#44-13/14-APC – April 29, 2014 – Second Reading

Resolved: That the University Senate of Humboldt State University establish a task force to investigate ~~and recommend for implementation~~ the merits of a co-curricular transcript model to potentially be employed by Humboldt State University; and be it further

Resolved: That the membership of this committee will include: the Vice President of Student Affairs and/or designee(s), the Registrar or designee, the Director for the Center of Service Learning and Internships or designee, a member of the Academic Policies Committee, and two faculty members with significant experience working in co-curricular activities; and be it further

Resolved: That the Task Force be charged with:

1. Investigating current best practices in use of co-curricular transcript models
2. Determining resource implications for the implementation of co-curricular transcripts
3. Recommending whether or not to implement a ~~particular~~ co-curricular transcript model or other means of documenting co-curricular achievement for use at HSU
4. ~~Drafting policy~~ Determining which-on-what activities ~~are to~~ might be included on a co-curricular transcript and which office(s) ~~will~~ would maintain them.

And be it further

Resolved: That the Task Force make their recommendation to the Senate Executive Committee at the first November Sen/Ex meeting.

Rationale: *Humboldt State University is unique in the number and variety of co-curricular activities available to our students. Currently there is no official mechanism for acknowledging those activities outside of course enrollment found on our traditional transcript. This Task Force will explore how whether HSU should ~~to~~ implement co-curricular transcripts, which co-curricular models best suits HSU and what information to be included on a co-curricular transcript.*
