

HUMBOLDT STATE UNIVERSITY
Senate Chair's Report
Senate Meeting, April 26, 2016

I've mostly been working on wrapping up the semester – planning out the last two Senate meetings and helping with end of the year Strategic Plan information dissemination in particular. Dean Oberlander and I continue to work on Faculty Development – we are assembling a task force to help develop a job description and FD center charge. The goal will be to have these things in place to begin hiring for this position early next fall.
